INFORMATION:

ITEM TITLE: **Hollins Mill Park Water Fountain**

RECOMMENDATION: Approval of the attached resolution to appropriate funds for installation of a water fountain at Hollins Mill Park

SUMMARY:

- High usage of the Blackwater Creek Hiking and Biking Trail has lead to requests for the installation of water fountains at various locations along the 8 miles of trail. Currently, there are no fountains at any access points or along the trail. The proposed action would install one fountain at Hollins Mill Park. Additional fountains will be considered in the development of other sections of the trail at the Ed Page Entrance, Percival Island Entrance and Kemper St. Train Station when more comprehensive projects are developed at those locations.
